

## Arts Commission

Dear Friends of the Arts,

The City of Sandpoint has established an Arts Commission to act in an advisory position to the Mayor and City Council. As Commission members we are excited about the possibilities of what the City can do to support and encourage the arts, and we need your help!

The Sandpoint Arts Commission is asking for your pledge to establish more art in public places within the downtown area. **“Art by the Inch,” collects pledges “inch by inch,” to enable the City of Sandpoint to purchase Art for Public Places.** The public art will be selected through recommendations to the City Council by the City of Sandpoint Arts Commission and dedicated to the public.

Since this is a pledge campaign, there is no need to pay now – we’ll contact you and collect donations after receiving your pledge. Simply fill out the enclosed pledge form, that’s all! Buy one inch or thousands of inches. It is a project that everyone in the community can own and enjoy. To top it off, donations to municipalities are tax deductible under Internal Revenue Code Section 170 (c)(1).

We are excited about the potential for making Sandpoint a more beautiful and unique place! Please join us in making a pledge to support public art.

Sincerely,

Carol Deaner, Chair Sandpoint Arts Commission / POAC Representative
